

You can count on AMECO for ▶

- ▶ **Expertise.** You can look to us with confidence. We give our clients the most advanced service and knowledge in all areas of our business, and we hire the best and brightest personnel.
- ▶ **Innovation.** If you're not innovating, you're moving backwards. At AMECO, we push ourselves to find new and better ways to provide the integrated solutions our customers expect.
- ▶ **Reliability.** Our customers depend on us to provide consistent levels of service worldwide. In our industry, timelines and deadlines demand trust. At AMECO, what we say we're going to do, we deliver on.
- ▶ **Responsiveness.** The last thing you need is delay. And since no two job sites, no two customers are identical, AMECO's experience allows us to respond quickly and creatively to meet our customers' needs.
- ▶ **Safety.** People are our most important asset, and yours too. Our track record reflects our painstaking emphasis on promoting the health, safety and welfare of everyone in our work environments.

Unmatched Services ▶

AMECO has unsurpassed expertise in sourcing, procuring, delivering, managing and maintaining vehicles, construction equipment, tools, supplies and consumables. By providing a single point of contact for a wide range of services, AMECO enables our clients to focus on facility construction instead of having to manage construction indirects or common services. At AMECO, we have what you need to get the job done right.

Solutions for Your Site ▶

At AMECO, we support your project through each phase of the construction process. And we do it all with safety in mind, reinforced by our corporate policies and culture. We can tell you everything you'll need and when you're going to need it, from screwdrivers to cranes. If your site needs Fleet Services, we can coordinate that, too, providing you with a continued single point of contact. We know that great planning leads to great results, and our goal is to get your project completed on time and under budget.

To discuss your Site Services needs, contact your regional AMECO representative or visit www.ameco.com for more information.

AMECO

- ▶ Delivering Integrated *Mobile Equipment* and *Tool Solutions* to Government and Industry.

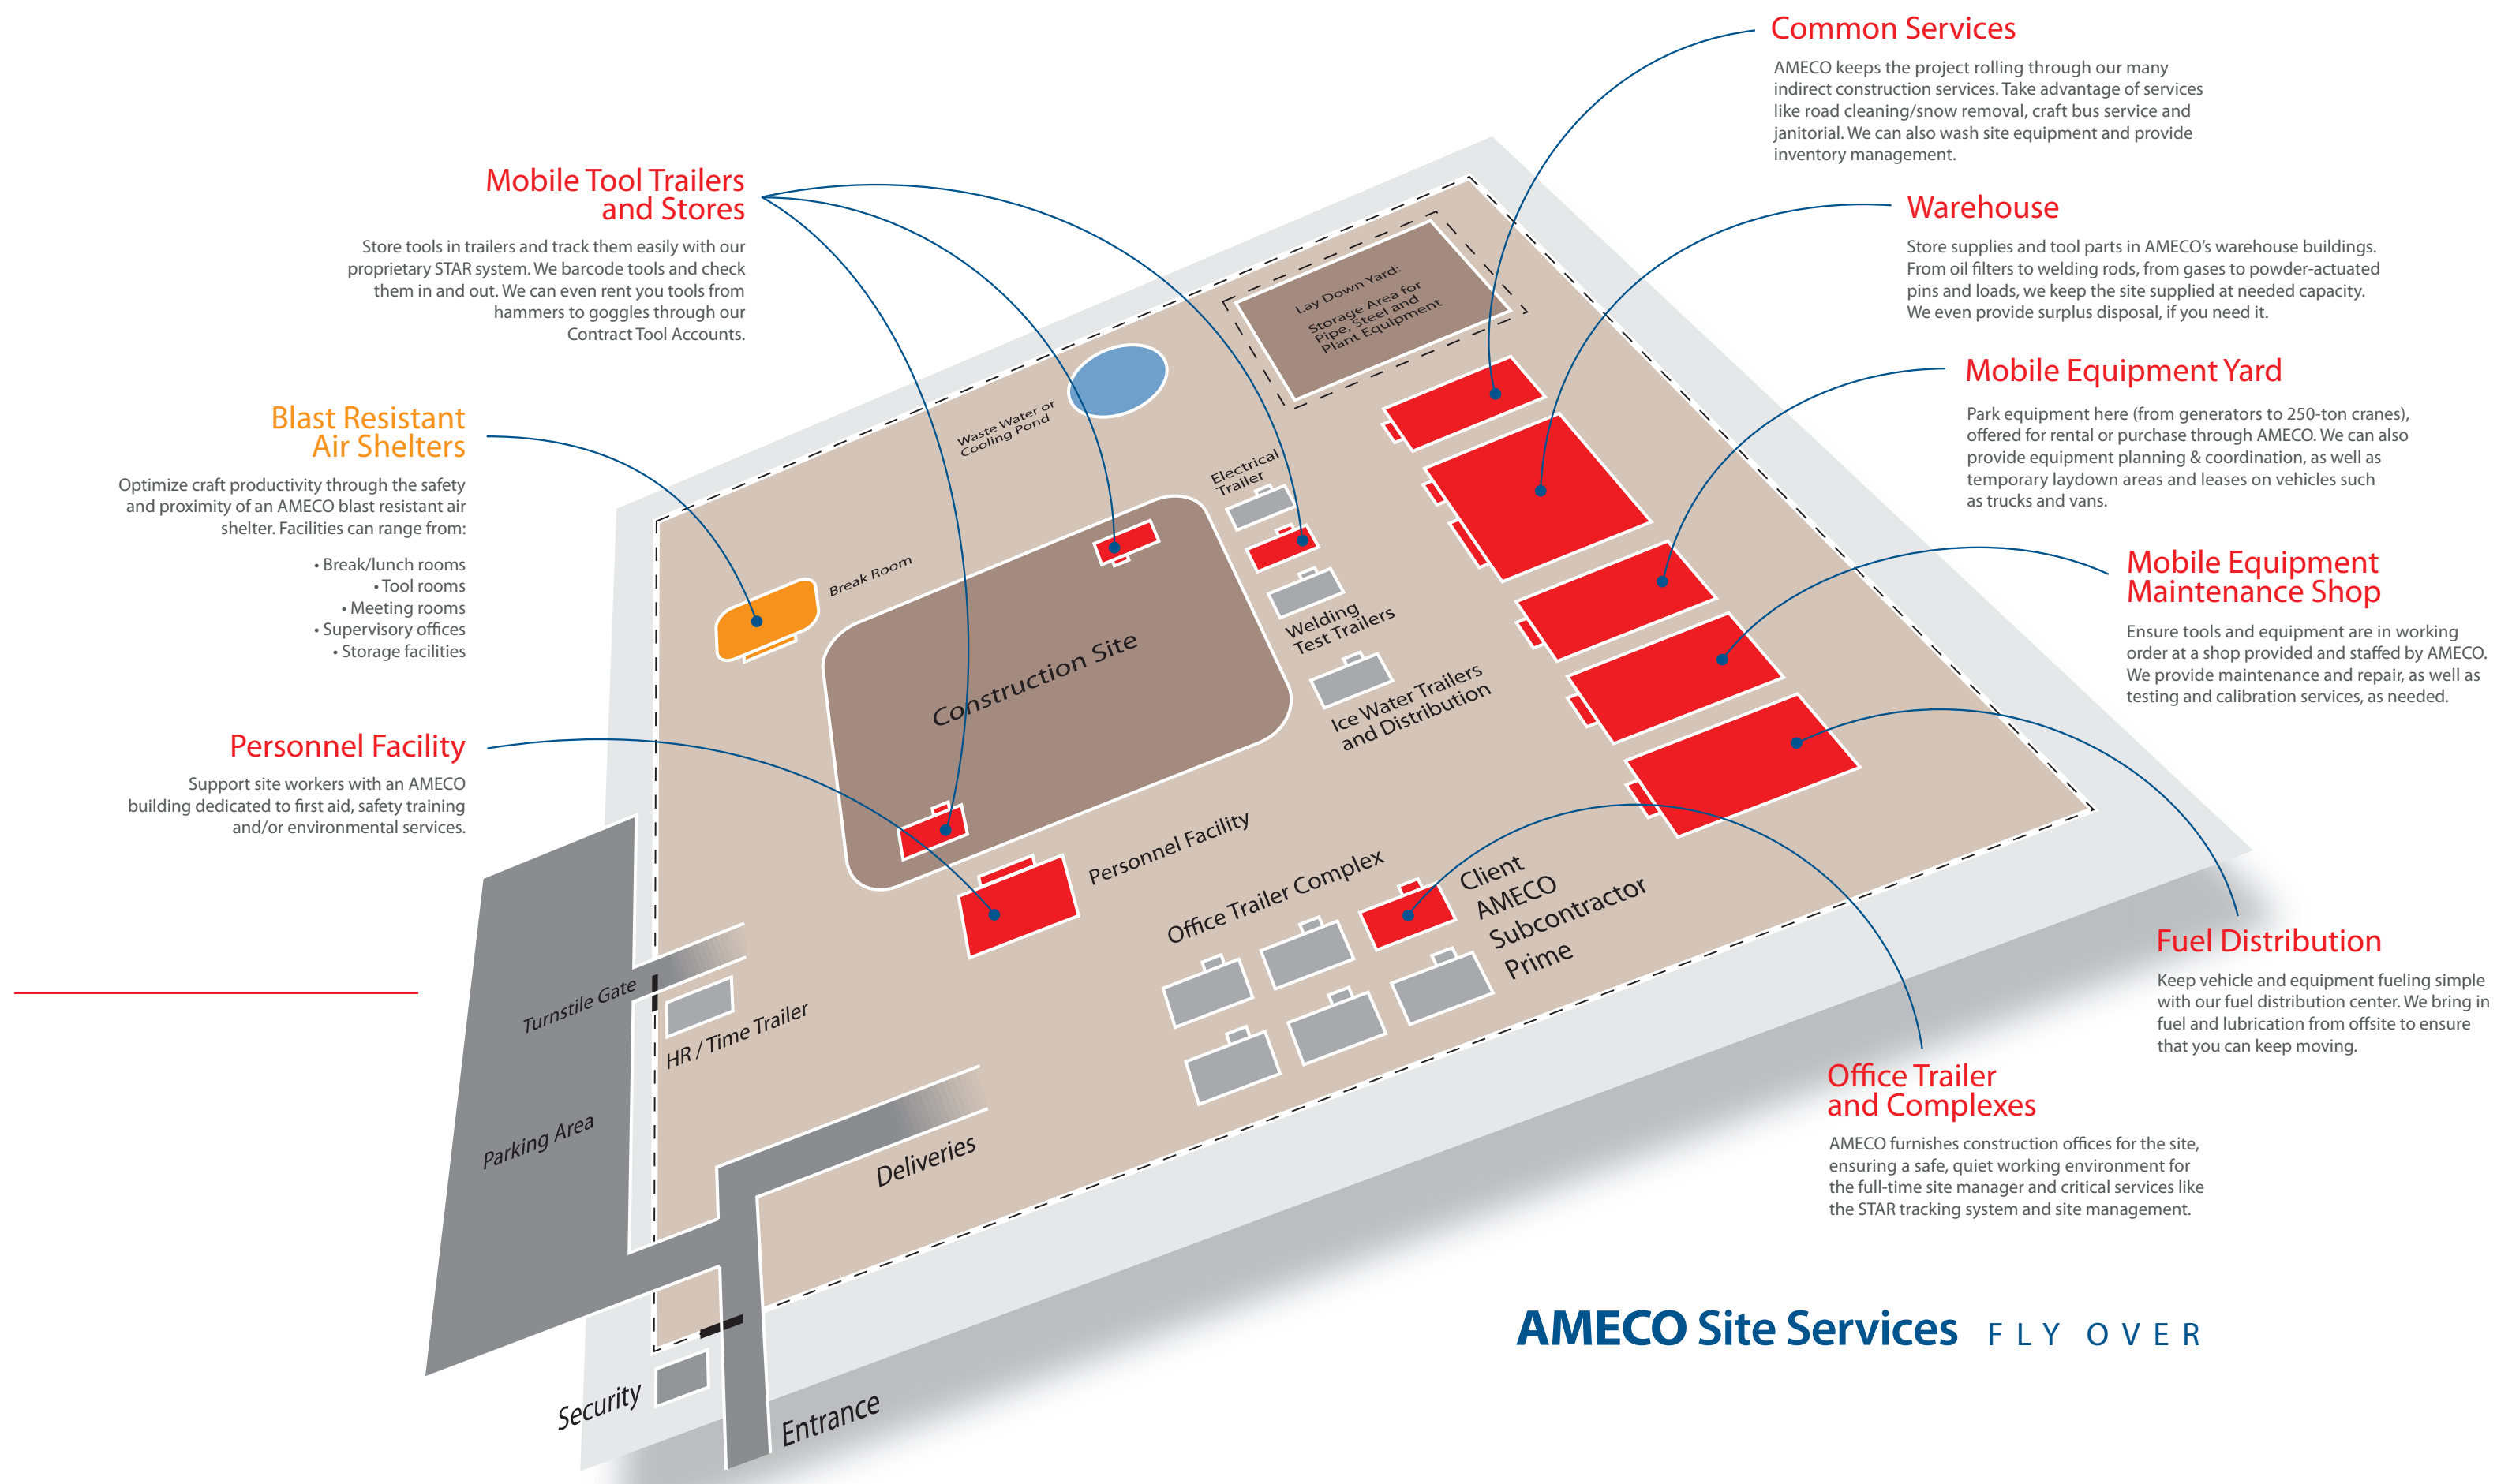

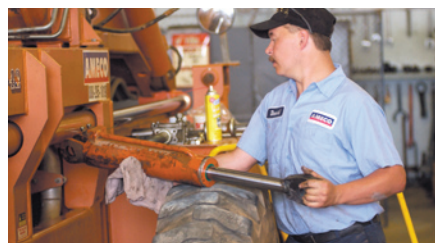

Global Strength, Regional Service ▶

Headquartered in Greenville, SC, AMECO is a global leader in integrated mobile equipment and tool solutions. Our wide range of services supports construction, mining, government and industrial markets around the world. We do it by bringing top-tier people, practices and assets together to reduce your total costs and to provide you with the best customer experience possible.

At AMECO, our Site Services program meets your construction needs from the earliest stages of project development – providing the mobile equipment, tools, site planning, equipment maintenance and supplies you need to help your project increase productivity, reduce costs and duplication, standardize equipment and tools, and finish on time and under budget.

With our one-stop turnkey program, there's only one place to go for all of your needs, whether equipment or tools, training, maintenance or essential common services. Our process gives you a single point of contact and the strength to meet every site services need. We also provide total project support for a broad range of industries, and we can do it anywhere in the world – from a remote Pacific island to the Andes Mountains, from oil-rich Alberta to the open Texas plains. Our global reach is complemented by strong regional locations and the flexible, customized service you need to keep your site running smoothly and successfully.
